The organizer declines all responsibility in the event of damage (theft, breakage, loss, etc.) to the personal property of participants. Participation in the MITVs implies unreserved acceptance by each competitor of this regulation.

ARTICLE 3 : SAFETY AND LIABILITY

The Organizer will implement a number of measures to secure the course, in particular the signs and staff. Throughout the course, participants must comply with the safety rules and instructions of the personnel of the race (bikers, volunteers, etc.). The security arrangements for the event ends at the crossing of the finish line.

Each participant, author or witness of an accident, or seeing a need of medical assistance has the obligation to aid others and call for help by calling the emergency number on their bibs.

The participant is solely responsible for any incident, accident or failure to follow the regulations of the event. All fees that would result from a medical care (ambulance, doctor, hospital, etc.) are the responsibility of the participant concerned. The responsibility of the Organizer, their affiliates, their employees, and other auxiliaries for direct or indirect damage suffered by a participant, as part or in relation to their participation in the race, is solely excluded, in case of accident, theft or damage. The entry is confirmation that the participant is covered by their insurance and waives any legal action against the Organizer.

By registering for the event, each participant confirms having read all the information, particularly those relating to security, and undertakes to comply.

To allow normal operation, the chip must be neither folded nor damaged. The electronic detection system is selected according to strict criteria of reliability. Despite tests by the manufacturers, there is a very small percentage of possible detection errors.
